Sht Lan, straighten the room up!

Is he Peter Pan? or is it my imagination!

TO THE CLASS OF 1984:

On behalf of the staff of Ankara American School, I wish to extend my sincere wishes for success in whatever endeavors you may pursue in the future. I feel that your education here in Turkey and the Middle East has been a valuable learning experience, both academically and culturally. Your exposure to a foreign culture should provide you with a broader understanding of the world today and help you become better representatives of our country abroad.

If you know just where
you're going, if you
know where this
road leads,
take my
hand
and walk
beside me,
because that's what I
need . . .
Even though there may
be trouble lying
just around the
bend, take my
hand and
walk
beside me,
right to the
end

we can dream a dream!
So keep on walk-

we said; I need

Editors' Message

An extra thanks is due to the yearbook staff for their continued efforts in completing the yearbook. After receiving the kit nearly one month later than expected, much pressure was put on the staff to complete it on time. After more complications, we somehow managed to miss the last deadline. It has often been said to expect the unexpected, and I guess we were caught unexpected. However, the yearbook finally did get off and Refik's ulcers are now starting to heal. Once again I would like to thank all those who helped put the Yearbook together and would like to wish next year's Yearbook staff good luck.
